

CROUZET AUTOMATION IDENTITY CARD

Supported by an experienced technical team, Crouzet Automation is a pioneer in the simplification of programming. The brand offers the easiest-to-use and most adaptable alternative automation solution for specialized and demanding needs.

Crouzet Automation is a brand of InnoVista Sensors™.

OUR VALUES

Easy to use

- Our ranges are
- › Easy to connect
 - › Easy to program
 - › Easy to implement and to use

Application oriented

- Our unique dedicated function blocks library enables
- › Time-to-market optimization
 - › Implementation and maintenance costs reduction

Adapted to customers needs

- We offer
- › Fast and professional adaptation capabilities
 - › The know-how of a team of R&D experts
 - › A Quality-oriented approach, complying to industrial standards

Passionate about support

- Our teams are
- › Dedicated and committed
 - › Experienced: 45 years
 - › Present in more than 20 countries
 - › Supported by specialized partners

PRODUCTS

Millenium 3 Logic Controller

Millenium 3 is a programmable controller that enables easy control and monitoring of machines and automation installations with 10 to 50 I/O.

Key benefits:

- › A wide range
- › Compact or expandable
- › High visibility display

em4 nano-PLC

em4 is a leading edge device supported by best in class tools to create and implement the smartest remote automation applications on the market.

Key benefits:

- › On-board connectivity
- › Accuracy & performance
- › Attractive designs

OUR PHILOSOPHY

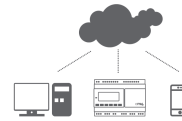

A passionate team...

with experts listening to you

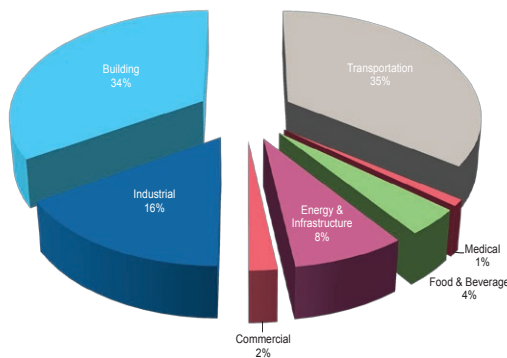

At the heart of innovation

Pioneer of Industry 4.0

APPLICATIONS

About InnoVista Sensors™

InnoVista Sensors™: your trusted partner of choice to face industrial challenges of today and tomorrow.

InnoVista Sensors™ is a worldwide industrial specialist of sensors, controllers and actuators for automated systems.

Through its brands, Crouzet Aerospace, Crouzet Automation, Crouzet Control, Crouzet Motors, Crouzet Switches and Systron Donner Inertial, InnoVista Sensors™ offers a wide range of reliable, efficient and customizable components dedicated to the Aerospace & Defense, Transportation and Industrial market and segments.

Thanks to the recognized expertise of its teams and a strong innovation policy, InnoVista Sensors™ brings performance enhancing solutions to its customers worldwide.
