

Engineering Capabilities:

Specialists in Designing Customized Interconnect Solutions ...

NorComp's Engineering Group travels to meet with customers worldwide partnering with designers, engineers and production personnel to resolve connector related issues. The Group specializes in designing cost-effective customized interconnect solutions.

Equipped with the latest LAN-based CAD technologies, NorComp engineers deliver to precise specifications. The Engineering Group provides customers with full product development support from the initial concept stage through to a completed design including tooling, design validation and verification with samples, prototypes and pilot production.
