### [Nichicon Receives Global Innovation Award from Nissan Motor Co., Ltd.](#)

#### **NICHICON CORPORATION**

On July 11, 2011, Nissan Motor Co., Ltd. presented Nichicon Corporation with the Global Innovation Award in the Nissan Global Supplier Awards.

In presenting this prestigious award, Nissan recognizes the in-vehicle recharger made by Nichicon as a cutting-edge technology for electric vehicles (EVs) and hybrid electric vehicles (HEVs), and recognizes that developments driven by Nichicon's cutting-edge technology, as well as Nichicon's speed in responding to Nissan's requests, were factors that have contributed to Nissan's corporate activities.

Nichicon will continue to use its concentrated wealth of technological developments and its solution-based marketing activities to give customers satisfaction beyond their expectations.
