

PRODUCT CHANGE NOTIFICATION

#PCN-IFC-LS2M-15

Business Unit	Product Line Code	Type of Change	Action	Date of issue
IFC	BF2	Aesthetic	Notify Distributors and Field	6/17/2015

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description of Change:

The actuator tab in our spring-termination field-wired connectors will be changed from black to orange. The orange color is synonymous with our Push-In Technology (PT) across all products families. Therefore, to maintain consistency our actuator tab color is being updated to match other PT products.

The plastic material is the same and no technical features are changed. Solid and ferruled wires can still be directly pushed into the contact carrier. Stranded wires require the depression of the tab with a thumb nail or small screwdriver prior to inserting the wire.

Warranty Information:

N/A

Stock Status

Can existing stock still be used? Y

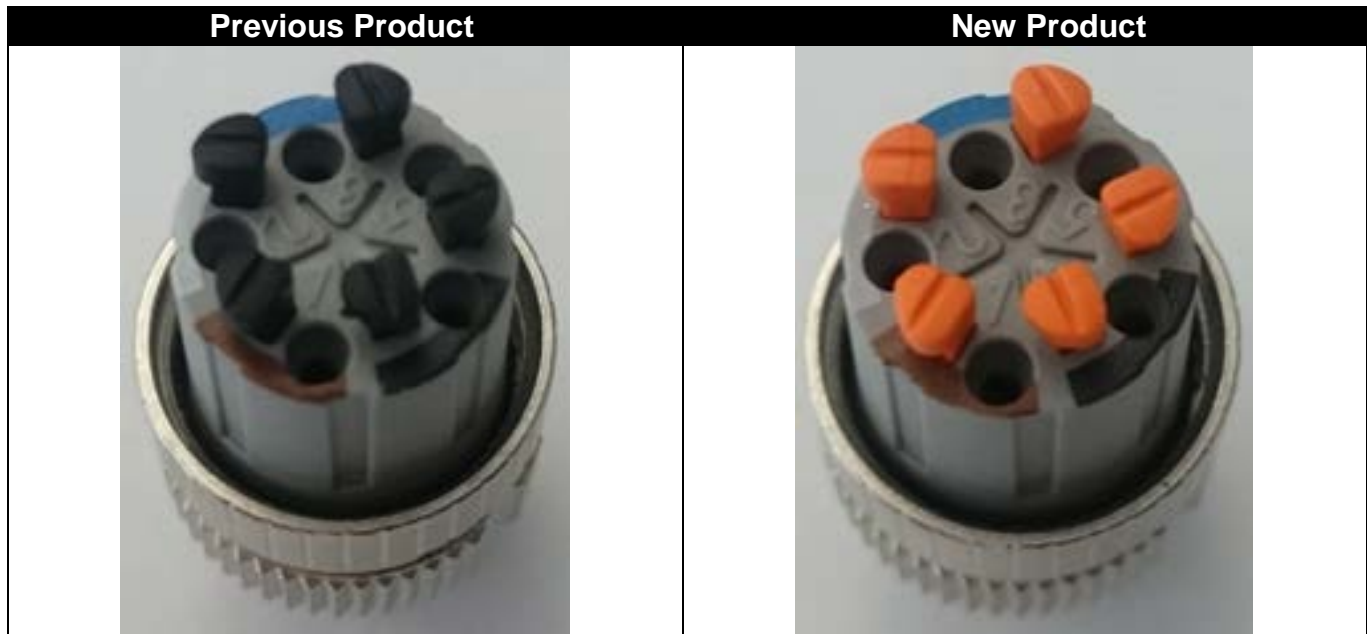

Is mixture of stock acceptable? N

Transaction Dates:

Date modification goes into effect from Germany: 10/1/2015

Expected first shipment (from Phoenix Contact) of the modified product(s): 10/1/2015

PRODUCT CHANGE NOTIFICATION

Should you have any issues with the timeline or content of this change, please contact Phoenix Contact using the contact information below. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN; provided, however that the failure to acknowledge receipt does not affect the product change or the effective date thereof.
