

Zone5™ Low Voltage Switches

DAYLIGHTING CONTROLS

Z5-SW-GAV

Z5-SW-MC

PROJECT INFORMATION

Project Name _____

Catalog No. _____

Date _____

The *Zone5* Low Voltage Wall Switches provide manual control of the *Zone5* Daylight Harvesting System. The *Zone5* system consists of two types of switches – Lighting Control Switches and Master/Row Control Switches.

The Lighting Control Switches include a General – A/V switch that enables users to switch between General Lighting and Audio Visual Lighting, a General – A/V lighting dimming switch that raises and lowers light levels in both modes, a whiteboard lighting switch that can control up to two independent whiteboard lights, and a Study Time switch that provides uninterrupted lighting during periods of low activity. The Master/Row Control Switches include a Master ON/OFF switch that turns all lighting ON or OFF, and individual Row (1 – 4) ON/OFF switches that control each row of lighting individually. All *Zone5* switches are color coded and provide CAT5 plug and play installation to the *Zone5* Control Module

PRODUCT FEATURES

- Supports up to 4 zones of lighting control
- Attractive, architecturally-pleasing decorator style design
- General- AV lighting control with optional dimming
- Whiteboard lighting control
- Master and individual row ON/OFF control
- Color-coded plug and play installation
- All switches mount to standard wall boxes
- Multi-gang wall plates available
- Five-year limited warranty
- Low voltage device: 24 Vdc

Fits Standard
Decorator Style
Wallplate
(sold separately)

Z5-SW-AVD

General Specifications

Power Requirements	Each switch: 100mA @ 30VDC Max – Provided by Zone5 low voltage color coded plug and play cable (ordered separately) Master/Row control switches: Use with yellow cable Lighting Control Switches: Use with blue cable
Operating environment	Indoor use only Operating temperature: 32° to 122°F (0° to 50°C) Relative humidity (non-condensing): 10% to 90%
Construction	Housing – Rugged, high-impact, injection-molded plastic
Dimensions	4.2" L x 1.6" W x 1.4" D Weight: 1.6 oz
Color	White
Mounting	Switches may be mounted individually in a single gang switch box or ganged together in a multi-gang switch box <i>NOTE: When ganging multiple switches make sure the switches are of the same color-coded type. Decorator-style wall plates available separately</i>
Warranty	Five years
